## SEARCH FOR CLARA IN NORTH; ARMOUR PHILLIPS IS ARRESTED

### TURKS PIN FAITH ON FAIRNESS OF AMERICAN PEOPLE

LAUSANNE, Dec. 5.—Turkish acceptance of any kind of international commission to supervise and control the straits depend largely upon whether or not America participates, according to most reliable information given exclusively to this correspondent tonight.

It is understood, will not only American presence guarantee a fair and impartial character of such a commission. Furthermore, the Turkish government, which will accept such a commission only if it is without military aid, also will remain firm in its demand that warships be allowed unrestricted passage through the Dardanelles and the Bosporus.

They also will remain firm in their demand that warships be allowed unrestricted passage through the Dardanelles and the Bosporus.

### BIRD'S-EYE VIEW OF POSSIBLE ROUTES

Two Ways Mrs. Phillips May Have Gone. The cross marks the window from which the bars were removed, and the white line shows the way followed to the adjoining roof. The route marked "1" would have taken the convicted woman to the street where the arrow points to an automobile. The route marked "2" would have led her to the pipe and the alley in which a ladder was found.

### FATHER OF ALBERTA IS "SURPRISED"

"Never was more surprised in my life," was the way Fred A. Tremaine, father of the murdered Alberta Meadows, last night at his home, 121 West Thirty-third street, characterized the announcement of Clara Phillips' escape early yesterday morning from the County Jail.

"I couldn't believe it, so went down to the Sheriff's office to verify it. That she did escape so completely indicates that she still has plenty of friends on the outside."

In a way Mr. Tremaine echoed the statement yesterday morning of Mrs. Oia Weaver, Clara's sister, when she was informed by a Times reporter of her sister's escape.

His escape sounds possible, but improbable. She is probably below the border by this time and if she is, there will be a merry time getting her back.

Mr. Tremaine would make no statements when informed that his daughter had escaped, but a seemingly strong alibi on his movements during the period of Mrs. Phillips' escape.

### BRITAIN DUPED US, VON MOLTKE'S CRY IN WAR MEMOIRS

BERLIN, Dec. 5.—"Did England deliberately dupe Germany into delaying mobilization by tentatively indicating that she would observe neutrality in the event that Germany desisted from a naval attack on the north coast of France?"

This impression is recorded by Lieut.-Gen. Count Von Moltke, in one of the critical chapters of his memoirs now issued by his widow, the appearance of which has been keenly awaited in the early days of mobilization and in the German defeat on the Marne.

On the day of mobilization, says the memoirs, "a dispatch arrived from London in which it was stated that England had obligated herself to assume the defense of the French coast against possible German naval attacks. The Kaiser asked my opinion, whereupon I replied that I could have no scruples against guaranteeing that no such attack was contemplated if England pledged herself to remain neutral."

"It was my opinion that the war against France would be decided on land and that we could well dispense with naval operations if that was to be the price of English neutrality. Obviously this dispatch was to dupe us, at least to the extent of prompting us to delay our mobilization."

Russia Reamed. Von Moltke charges Russia with having enticed the war, inasmuch as she well knew that Germany would not permit the destruction of her Austro-Hungarian ally. The German general staff, he asserts, had long since taken measures to bring about the invasion of Belgium, as it was commonly agreed that a decision in an open battle could not be forced without violating Belgian neutrality.

"Our information indicated," continues Von Moltke, "that France was determined to entrench herself in a strong defensive position, which would force us to conduct a long and wearisome trench and position campaign against a strong frontal defense. Von Schlieffen even proposed to march the German right wing

"Broadway" of Paris Plunged Into Darkness. PARIS, Dec. 5.—The Parisian electric system could not stand the strain of trying to make the Avenue de l'Opera gleam at night like Broadway. Day before yesterday the new lights were turned on, but at 4:30, just the busiest shopping time, the fuses rebelled at the excess of American ideas. The whole avenue was plunged into darkness except for such illumination as the old fashioned candle could give.

CRISIS TODAY FOR SCHUMANN-HEINK. GARDEN CITY (N. Y.), Dec. 5.—The crisis in the illness of Madame Ernestine Schumann-Heink, the singer, who is suffering with pneumonia at her Long Island home, may come early tomorrow, attending physicians said tonight.

### 'CHANCE FOR VINDICATION SACRIFICED'

"I'm sorry Clara broke jail." That was the comment of Victoria Cross, staunchest feminine friend of the so-called "tiger woman," when asked last night her opinion of Clara Phillips' escape from the County Jail.

"It was a mistake—it will make it just that much harder for Clara now," Mrs. Cross continued. "She still had some chance for exoneration. I believe, but it's gone now."

Victoria Cross is the former chorus girl chum of Mrs. Phillips who came here from Eureka to assist in Clara's court fight for her life. She told on the witness stand of incidents in which Mrs. Phillips, acting under incitement of epileptic spells, committed violent acts which she was later unable to remember.

Roused out of slumber at about the midnight hour, Mrs. Cross came to her door with a gay-colored satin kimono thrown over a thin silk nightgown, to assert emphatically and with chattering teeth that she knew nothing whatever about Clara's escape.

"I haven't seen Mrs. Phillips or her husband since the last day of the trial," she said. "I was visited this afternoon by men from the Sheriff's office, and I told them I knew nothing whatever of the escape."

In my opinion it was a mistake. I am sorry she did it. Mrs. Cross has been living with her mother since her return for the Phillips trial in a little cottage at 4223 Mercury avenue.

MYSTERY CLEW PROVES FALSE. At 10:35 o'clock last night the Sheriff's office received a telephone call from Long Beach from an unidentified man who declared that Clara Phillips was in a house at 1336 East Eleventh street, Long Beach.

Sheriff Traeger, Al Manning, Deputies Daly, Dewar, Stensland and Perdue and Detective Sergeant Dean rushed to the beach city to find that there was no such address as the one given in the message.

Tracing back the call, they found that it had been sent from a drug store at First and Pine streets by a man who gave his name as Hunt, and told the telephone operator to "rush the call through," that he was an officer.

### EVERY AVENUE OF ESCAPE IS NOW GUARDED

Telegrams were sent to San Francisco authorities early this morning by Detective Sergeant Edward V. King, attached to the District Attorney's office, to center a search for Clara Phillips in the northern bay district.

Convinced that the escaped slayer of Alberta Meadows is making her break for safety in disguise, Detective King so advised San Francisco police and requested that highways leading into the northern city be watched.

Word was received in Los Angeles at 2 a.m. that the coast guard cutter Tanager is being held in readiness off San Diego for a week after any vessel bound for Mexico on which the hammer-case killer may attempt to flee the country.

MAY HEAD NORTH. The theory that Clara headed north after her sensational break from the County Jail is the latest to be evolved. Every avenue leading south of this city has been effectively barred. It is believed by the Sheriff's office, co-operating with Southern authorities.

Information was received from Undersecretary Gene Biscailas and Deputy Sheriff Joseph Nolan, who are at Tijuana, that every bay and young man passing the line is scrutinized on the possibility that Clara will attempt to evade capture by dressing in male attire.

It was pointed out that Clara Phillips, being an actress and apparently being advised by shrewd accomplices, will obviously seek to disguise herself either evening gown or else men's clothing. It is a certainty, officials say, that she will not expose herself to detection by parading as Clara Phillips herself.

Many investigators concluded after the futile search yesterday that Clara probably chose a northern route in her getaway. If she left the city at all, knowing that roads to the Mexican border were being closely guarded. The north would offer a greater opportunity for successfully eluding pursuit. With hundreds of vessels, large and small, plying San Francisco Bay, she would have a better chance of getting out of the country.

Detective Sergeant King wired San Francisco authorities as part of his independent investigation of the case, it was learned. When interrogated early this morning as to information bearing on the San Francisco theory he admitted taking precautions to effect a barrier there, but declined to disclose what particular angle of the chase he was following.

Armour L. Phillips, husband of the escaped murderer, was placed under technical arrest late last night following a severe grilling by deputy sheriffs. He was placed in the custody of Deputy Sheriff Frank Dewar for the night and will not be allowed his liberty until the Sheriff's forces are convinced he knows nothing of his wife's escape.

Clara Phillips, convicted murderer, who escaped from the County Jail early yesterday morning after severing the bars of her cell, is believed to have been in her daring deed over a jail telephone Monday afternoon.

It was learned by The Times yesterday that Mrs. Phillips was yesterday in the Bielaski kidnapping affair.

Woman Takes Her Life. Depressed by ill health, Mrs. Hattie Steele, aged 45 years, committed suicide early this morning by cutting her throat. She was discovered by her husband in the bathroom of their home, 5853 Le Mirada street, too late to save her life. Besides her husband she is survived by five children, who reside here.

Kidnaper Escapes. EL PASO, Dec. 5.—Lieut.-Col. E. Goldbaum Padilla, who escaped from prison at Cuernavaca, Mex., November 15, crossed the border here, December 2, disguised as a peon. He is stopping openly at an El Paso hotel. Padilla was a member of President Obregon's staff and was arrested, court-martialed and sentenced to ten years in prison on a charge of using the Chief Executive's name in halting the progress of troops in the Bielaski kidnapping affair.

CHICAGO, Dec. 5.—Winter today made its first determined onslaught of the season, spreading a trail of zero temperatures through the Northwest and Plains States and causing decided drops in temperature as far south as Texas in the southwest and Tennessee in the central area.

Helena, Mont., was reported the coldest place in the country. Sub-zero temperature was recorded throughout Montana and North Dakota and parts of Minnesota, with Havre, Mont., announcing 16 below; Williston, N. D., 8 below; Grand Forks, N. D., 4 below; Fargo, N. D., 8 below.

The Southern Rocky Mountain States were warned by forecasts to prepare for drops in temperature from 15 to 20 degrees, attended by slight flurries of snow. While practically all of Montana, Minnesota and North Dakota were experiencing arctic downward jumps in the thermometer, St. Paul, Minn., and its immediate vicinity were enjoying comparatively mild temperatures. Through at the Mississippi Valley State 3 the breath of winter was manifest in a biting wind that sent the mercury scurrying toward the zero mark. A driving force would spread into the lower Lake region and the Atlantic and East Gulf States, with the exception of the Florida Peninsula, by tonight or Wednesday.

A continued drop was predicted for today and tomorrow for Alabama, Mississippi, Tennessee, Kentucky, West Virginia, North Carolina, Georgia, South and North Carolina, Maryland, Virginia, District of Columbia, New Jersey, Delaware and West Pennsylvania.

Illinois, after nearly a week of autumn-like weather, today was shivering in a biting wind that caused the mercury to descend rapidly. Even the sunny South felt the effect of the disturbance in the Northwest, San Antonio, Tex., registering a drop of nearly ten degrees. But there, the temperature was around 72.

### FREE STATE FUNCTIONING

Gen. Healy Sails for Ireland, Expresses Sanguine Hope for Future of War-Torn Island.

BY JOHN STEELE. (BY CABLE-EXCLUSIVE DISPATCH.) LONDON, Dec. 5.—After a struggle lasting for 700 years, the people of Ireland became a fact tonight when the royal assent was given to the Irish constitution and to the consequential bill of provisions, as usual, granted in the House of Lords.

The new Governor-General, Lord Dunsany, sailed for Ireland tonight, accompanied by William T. Deane, president of the Dublin University, and Richard Mulcahy, Minister of Defense, both of whom were accompanied by a large number of Irish patriots.

They escorted the Governor-General and his party to the ship, where they were met by a large number of Irish patriots. The Governor-General declared that he was proud to be the first Governor-General of the new Irish Free State.

He also declared that he was proud to be the first Governor-General of the new Irish Free State.

In 1922, a man of foresight selected as wisely as he might a friend or relative to manage his affairs after his death. If this individual trustee was conscientious, he assumed a burden of responsibility oftentimes heavy. If he was dishonest, his appointment meant loss, sorrow and frequently calamity to the heirs of the estate. Inefficiency was often as serious in its results as dishonesty.

In 1922, fewer and fewer people appoint individual trustees. More and more often the responsibility is placed with a corporate institution—the modern trust company—which is known to be worthy and which is authorized by law to act as a trustee.

This company has administered many trusts, both large and small. It pledges to those who use its services sound business management, personal interest and attention to every detail of any trust or estate problem.

Phillips Escape Second in  
Two Months' Time

Three Deputies Accused by  
Sheriff Traeger

Dismissal of Cronin Was  
Sensational Climax

The escape of Clara Phillips from the County Jail yesterday marks the second major break by prisoners from this jail in two months.

On October 17, last, Herbert Wilson, known as the millionaire mail robber, Guido Spingola and Adam Ward fought their way from the County Jail and made good their get-away for a day. The three desperadoes were recaptured the following day, however, when officers surrounded the house in which they had hidden.

The escape of the three men came as a climax to the dismissal of R. E. Cronin, chief county jailer, by Sheriff Traeger on charges of incompetence and negligence. Following the successful break, charges of negligence and inefficiency in the conduct of the jail were made by Sheriff Traeger against three deputy sheriffs who were dismissed.

At the time Sheriff Traeger declared that he would clean the jail of incompetents to make a similar escape impossible in the future. The dismissal of the three deputy sheriffs who were in the jail at the time of the escape was in line with this policy.

About two months before this Gilbert Robinson, sentenced to a term of one year for failure to support his wife, effected one of the most remarkable escapes ever made from any prison. He made his get-away in broad daylight by climbing up more than 100 feet through a narrow shaft in the wall and then sawing his way through heavy bars which blocked his further flight. The prisoner then ran across the roof of the jail and slid five stories to the ground below on a drain pipe. His escape for liberty was seen by employees in the Federal Building nearby.

In view of the apparent ease with which desperate prisoners have effected their escape from the County Jail, the supervisors are considering measures to circumvent jail deliveries.

The suggestions are to have armed guards patrol the block in which the jail building is located. Another is to have a huge bell or a siren on the jail roof. A third is to electrify the gratings and bars so that an alarm would be instant if an attempt was made to saw the bars.

Supervisor Cogswell made a personal investigation of the escape of Clara Phillips, which was made by way of the roof of the buildings on Temple street, upon which is located the salvage department of the county. It is safe to say that this route will never be available to other prisoners.

## PHILLIPS CASE HISTORY

Action from Day of Crime to Daring Break from Jail  
Filled With Sensational Moments

The Phillips case was one of the most sensational in California's crime-punctuated history. It began with a fiendish murder on a lonely road in the hills of Los Angeles and dragged its grisly record through the courts for almost five months, revealing a sordid love mess and resulting finally in the conviction of Mrs. Clara Phillips.

The case abounded in dramatic incidents. Its principals were Mrs. Phillips, former chorus girl, Peggy Caffee, her friend of show days, Armour L. Phillips, husband of the murderer, and Alberta Meadows, victim of Mrs. Phillips's jealous fury, beaten to death with a hammer by her former friend. It indirectly involved Fred A. Tremaine, father of the victim, a backyard gossip, several male "friends" of the murderer and a number of others.

Late in the afternoon of July 12 last, Mrs. Fred Welts of 1064 West Avenue 54, was driving in her car along a desolate road about two miles from the business center of the city, known as Montecito Drive.

**WOMAN FINDS BODY**  
On a hillside about three feet from the drive, Mrs. Welts saw the body of a woman, the head crushed and the clothing torn. The sight unnerved Mrs. Welts.

Almost hysterical, she hurried to the nearest telephone, almost a mile away, and notified the police. A squad of officers headed by Lieut. Hagenbach responded. They found a well-dressed woman, beaten practically beyond recognition, lying in a ditch. Near the body was a broken hammer handle, stained with blood, apparently the weapon used by the killer. A short distance away from the body was the victim's hat, also bloodstained and apparently torn from her head by the blows from the hammer. Also within a few feet of the body the officers found a piece of wrapping paper and some twine which had been used to wrap the hammer.

There the investigation ended for a time. The woman remained unidentified. At this point Armour L. Phillips entered the case, a statement to Sheriff Traeger he confessed that his wife, Clara Phillips, once a "pony" in the front row of a Broadway chorus, had

TOLD NONE  
HER PLANS  
FOR FLIGHT

Mrs. Phillips Guarded  
Telltale Bars Two Days  
Before Flight

Utter secrecy and calmness marked the attitude of Clara Phillips during the last few days when she was planning her escape. She talked very little and confided in no one, according to women prisoners held in the County Jail with her.

Clara was ill at the time she made her sensational getaway. This was disclosed by Mrs. Ida Carr, who said that the hammer girl had been sick since last Saturday.

"She asked me to rub her back Saturday night and Sunday night," said Mrs. Carr. "She did not ask me Monday night, and of course, the reason why is very plain."

That Clara had had the bars sawed through between twenty-four and forty-eight hours prior to her escape was indicated by the fact that on Sunday she was anxious to have nobody go into her cell.

Ruth Ryles, another girl prisoner, held on check charge, said she noticed nothing unusual in Clara's actions and heard no sounds while the escape was in progress.

RETURNED

(BY A. P. DAY WIRE.)

WASHINGTON, Dec. 5.—Return by President Harding today to the Senate of the nomination of Pierce Butler, St. Paul attorney and a Democrat, to be an Associate Justice of the Supreme Court of the United States, was followed by immediate preparations of Senate forces to fight for and against his confirmation. The intention of the administration to press the appointment of Mr. Butler was seen in the renomination, despite failure of confirmation yesterday at the end of the special session through opposition of Senators La Follette, Republican, Wisconsin, and Norris, Republican, Nebraska.

Upon the return today of Mr. Butler's nomination, Chairman Nelson of the Judiciary Committee immediately called a meeting for tomorrow in an effort to hasten action toward confirmation. At the same time Senator Nelson, who is leader of the forces favorable to Mr. Butler, received a request from Senator-elect Shipstead, Farmer-Laborite, of Minnesota, to be heard in opposition to Mr. Butler. The committee will discuss procedure tomorrow, with the probability, it was said, that brief hearings will be held by a subcommittee.

Members of Santa Monica City Club took steps to have city own all beaches at that resort.

# DISCUSS NEEDS OF WATERWAYS

## National Congress Opens Today at Capital

### Experts in All Branches on the Program

#### Needs of Pacific Coast to be Considered

(BY A. P. MORT WIRE)  
WASHINGTON, Dec. 5.—Former Premier Georges Clemenceau of France has been invited as the guest of honor at tomorrow evening's session of the eighteenth convention of the National Rivers and Harbors Congress, which opens here tomorrow. The meeting is to last for three days. Others who are expected to address the delegates include Secretary of War Weeks and Secretary of the Navy Denby.

A joint debate on the question, "Should water competition be considered as a means of relief from the long and short haul clause?" will be the feature of tomorrow morning's session. The affirmative will be presented by B. J. Wetrick, attorney for the transportation department of the Seattle Chamber of Commerce and the negative will be argued by Frank Lyon of Washington, attorney for the Lumbermen's and other steamship lines. Mr. Lyon also will speak for the Intermediate Rate Association.

AFTERNOON SESSION  
At the afternoon session, "American Transportation and Its Problems" will be discussed by President Markham of the Illinois Central Railroad for railroads; Congressman C. A. Newton of Missouri for waterways; and Winthrop L. Marvin, vice-president and general manager of the American Steamship Owners' Association, for the merchant marine.

The last speaker on this subject will be Gen. William H. Black, former chief of engineers of the Army, who will argue in favor of the formation of great corporations which will use every form of transportation and will recommend that the National Rivers and Harbors Congress change its name to National Transportation Association and work for such a system. This proposition, officials of the Congress declare, may precipitate a lively debate.

REACH TO SPEAK  
Major Gen. Lansing H. Beach, present chief of engineers, will speak on water terminals. Secretaries Weeks and Denby will make addresses at the annual banquet of the Congress, Thursday evening, at which Mayor Moore will be toastmaster. Other speakers there will be Senator Reed, of Missouri and Representative Winfield Mason Huek of Illinois.

## NOTAS TELEGRAFICAS

Noticias de Washington  
WASHINGTON, Abre. 5.—Hoy expresó el Presidente Harding vigorosa oposición a las propuestas de reformas constitucionales que piden que sean directas las elecciones de Presidentes y Vicepresidentes, y que se reúna un nuevo congreso inmediatamente después de la elección. El Presidente cree que la Constitución no necesita de ese continuo amancebamiento a que se la ha estado sometiendo.

La controversia sobre paises en el Canal de Panamá fue tratada a colación en la discusión de la subvención para el ferrocarril por el senador Borah, pues es una de las muchas enmiendas propuestas hoy por él.

## NOTAS LOCALES

La Policía Pierde Toda Huella de Clara  
Algunos Phillips, que se creía sería la llave para encontrar al secuestrador de su esposa, Clara Phillips, convicta de asesinato y escapada a la libertad en la cárcel del Condado, entró ayer, ya tarde, a la oficina del Abogado Bertram Harrington, y anunció que "nada sabía de ella". "Su esposa", añadió, "me alegro de que se haya escapado, y todo lo que sé es que, o se encuentra en buenas manos, o en malas de ellas".

La aparición de Phillips, a quien desde ayer trampan habían estado buscando los sheriffs suplenes, según por tierra todas las teorías que se habían expuesto en la oficina del Sheriff acerca de la fuga de la Phillips. Habían adivinado que Phillips había ayudado a su mujer a escapar, y que ambos habían huido en su auto rumbo a la frontera mexicana. Al aparecer él y haber dado su declaración, todos los esfuerzos se han dirigido a hallar alguna huella del automóvil que se cree haya huido la Sra. Phillips y de la identidad de sus cómplices.

Phillips declaró que había visto a la mujer antes de salir de medio día, en que le llevó a Harrington un papel redactado en la oficina de la Fiscalía. Este papel se refería a la aparición que va a elevarse contra el fallo del jurado. De paso, se detuvo a charlar un rato con ella. Después de su visita se refirió a la oficina de Harrington, y más tarde, a la Sun Oil Company, de donde se escapó. Después de salir al Hotel Aurora, 111, Whittier street, y conseguir allí un cuarto, del que escapó recibiendo de pago al Teniente Sheriff Devan, manifestó que había ido a la casa de la hermana de Clara, la Sra. Weaver, Calle Cincuenta y Tres Oeste, y empacado sus efectos. Detalladamente explicó sus actos del lunes en la noche y de ayer en la mañana, en forma tal, que se le permitió regresar a su hotel, pues no se le puede complicar en el asunto.

Ola Weaver Escapada  
La Sra. Ola Weaver, hermana de Clara Phillips, al ser informada esta mañana por un reportero del Times, en su casa, Calle Cincuenta y Seis Oeste, 714, de que su hermana se había fugado de la Cárcel del Condado, vació sobre sus piernas, y habría caído al al reportero no la hubiera sostenido. "¿Se escapó Clara? Como se! Ah, Dios mío, se me imposibilita! Está Ud. seguro? Tengo Ud. la bondad de no burlarse de mí." Al expresar estas palabras, sus ojos tuvieron una mirada dura, pronto sustituida por una de angustia. Con dificultad se sostuvo contra la puerta. Sus palabras salían tartamudeando, y varias veces se pasó la mano por la frente, como para barrer de ella toda ilusión. Se humedeció los labios, y puso una mano temblorosa sobre la manga del reportero.

DEPORTES  
Carreras de Caballos  
Hoy en la tarde se reanudarán las carreras en el hipódromo de Tijuana, después de un día de reposo que se debió al rumor de que había disturbios en la población fronteriza. La noticia de disturbios fue formalmente desmentida por las autoridades mexicanas.

Balompé  
Según noticia dada por el Dr. Duteck, presidente del Comité de la Conferencia Interescolar de la Costa del Pacífico, que va a encargarse de elegir al equipo que debe representar a Oregón en el partido anual de balompé de Este contra Oeste, el día de año nuevo en Pasadena, y jugar contra la rápida brigada del Estado de Penn. la Universidad de Sudcalifornia ha sido elegida para esa representación.

Los Troianos se sintieron más que satisfechos al saber ayer esa noticia, pues los informes del lunes indicaban que el equipo de Oregón estaba ganando algunos votos, debido a que Stanford no quiso depositar los suyos.

Beachball  
Frank Chance, anunciado para dirigir a los Red Sox durante la entrante temporada, acaba de salir para Chicago a fin de concurrir a un mitin de los empresarios de las Ligas Menores. Lo que hará Chance en dicha conferencia se todavía un misterio para los aficionados de aquí.

Anticonas  
Los días 29, 30 y 31 de diciembre actual, han sido elegidos para celebrar las grandes carreras de 20 millas para botes rápidos, en el recorrido del Club de Yates de California. Espérase que veamos en estas regatas algunas de las embarcaciones más veloces que se hayan visto nunca en la Costa del Pacífico. Miles América, rápida autocanoe de Gar Wood, y Miss Detroit II se hallan entre las inscrites.

PRESIDENT AGAINST PORK-BARREL PLANS  
(BY A. P. MORT WIRE)  
WASHINGTON, Dec. 5.—President Harding has told inquirers that he is not in favor of a large public building program such as that provided for in the proposed omnibus public buildings bill. He was said to have placed himself in the position of the private citizen who has the necessity for balancing his budget and in view of the present financial situation he had decided that the country did not favor a building program on a large scale.

## TURKS SCORED BY MORGENTHAU

Former Ambassador Wants Moslems Curbed

Intimates United States Should Act

New World War Threatened, He Believes

(BY CABLE-EXCLUSIVE DISPATCH.)  
NEW YORK, Dec. 5.—Humanitarian considerations and not all oppositions come first in the minds of Americans who have watched the tragedy of the Near East, said Henry Morgenthau, former Ambassador to Turkey, at the Brooklyn Y.M.C.A. tonight. He was cheered for three minutes.

Mr. Morgenthau predicted that unless the arrogance of the Turk was checked by Allied co-operation there would be a new World War. The people of this country could not permit this to happen, he said, and there should be no commercial dealing with a nation which has threatened to murder every Christian within its borders.

**MILLION THREATENED**  
"Over 1,000,000 people in Smyrna are being threatened with deportation to the interior," said Mr. Morgenthau. "After the Turk was defeated he was one power that definitely resented it, resented it more than Germany did. In that time Russia, who was not our enemy, was in a terrible fix, but ever trying to come back. Turkey, on the other hand, absolutely without resources, was the sick man of the world and suddenly, led by a few, a stronger army was organized. 'All the countries went into Turkey to take the portion allotted to them. The Sultan submitted, but the young Turks called the committee of union and progress and would not assent. They organized and got aid from the Russian government. When they had enough power they fought, first the Italians, and then the Turks. The French agreed not to fight the Turks. The French regiment surrendered and all the members were killed."

**FRENCH GIVE UP**  
"Then the French people voted agreement not only not to fight the Turks and Turk over some guns, but also to abandon custody of German-Turk gun piles then in their possession. After the French the Turks found the Greeks easy prey, and defeated them. Then the leaders notified the other nations, including the United States, that when the Turks reached Smyrna they would have to resort to pillage and murder."

"Just think of it—they broadcast the message, 'We will kill everyone in Smyrna. The British did stand there in Smyrna, and refuse the Turkish permission to come the Dardanelles and run amuck in Europe."

**WAXES BARCASTO**  
"Here are 1,000,000 people threatened with deportation, and instead of having a man there to say we will protect Turkey, that we will financially and economically boycott her, we sit down and discuss all education."

"Unless the Turk is arrested now and stopped, and unless his conduct and arrogance, which are very evident, are taken from him, I dare say we will have another world war. If it is not stopped, Turkey's insignificant country that it is, with a well-organized army, with a great Britain, France, Italy and, yes, even the United States."

## Turmoil Reigns in Tsingtao as Banditry Gains

(BY CABLE-EXCLUSIVE DISPATCH.)  
PEKING, Dec. 5.—An American cruiser and a British gunboat probably will be sent to Tsingtao to protect life and property during and following its transfer to China. Conditions there are disturbed and great anxiety is felt because of bandit threats. Many Chinese residents are fleeing and Chinese business, including exchange, is practically at a standstill.

Fifteen hundred bandits are demanding to be incorporated as a part of the regular Chinese police. Several small outbreaks of banditry have occurred and major operations are feared when the 100 Japanese soldiers are withdrawn. Chinese police and a few soldiers already have entered Tsingtao. Charges of bad faith on the part of both the Chinese and Japanese for promotion of banditry are freely made.

## GREEK TURN WORRIES QUEEN OF RUMANIA

FEARS FELT FOR SAFETY OF GEORGE'S CONSORT IN UPHEAVAL

(BY CABLE-EXCLUSIVE DISPATCH.)  
BELGRADE, Dec. 5.—Queen Marie of Rumania has arrived in Belgrade and joined her daughter, the Queen of Yugoslavia. Both of them are distraught over the events at Athens, and are gravely alarmed over the situation as it concerns the Queen of Greece, their daughter-in-law.

Queen Marie's attendant, who accompanied her to Belgrade, proceeded immediately to Athens to look after Queen Elizabeth's interests. Queen Marie, in an interview at the palace, said:

"There is no telling how far the horrible events in Greece may go. I frankly am terribly worried about my dear daughter, who is seriously ill. It is unthinkable any further action will be taken against her or the King, yet when bloodshed begins it is difficult to know where it will end."

Reports that Queen Marie herself would go to Athens were denied.

**NOTICE!**  
Extensive additions to the mechanical equipment of The Times are now being made to meet the tremendous demands of the paper's growth in size and circulation. It is expected that the new machinery, including one of the biggest and finest presses in the world, will be in operation within three weeks. In the meantime, small delays may occasionally occur in the delivery of the paper, due to these readjustments. Every effort is being made to reduce such delay to a minimum.

## DECIES AND YATES IN IRISH DAIL

Congrave Doggedly Sticks to Task of Free State as Wife Fights Illness

(BY CABLE-EXCLUSIVE DISPATCH.)  
DUBLIN, Dec. 5.—The list of Senators nominated by William Cosgrave, president of the Dail Eireann, includes W. B. Yates, a poet, Lord Decies, Earl of Dunraven, Earl of Wicklow, Lord Glenavy and George Russell.

A pathetic side light of President Cosgrave was revealed yesterday. While he is struggling to bring about the Free State, his wife is reported to be dying. Mr. Cosgrave was married three years ago. Afterward he was imprisoned in England. He was released by Lord French on the plea of the Mayor of Dublin that he might visit his invalid wife. A month ago the ministers were living in the government public buildings, because of the danger of their appearing on the streets. After being kept in ignorance of his wife's new illness for several days, Mr. Cosgrave learned of it yesterday and rushed to her bedside. Now he sticks doggedly to his post, while discouraging bulletins are brought from the hospital.

Searching in the streets continues. Officials, many of whom were slain, are being searched for. Dublin awaits royal assent on the constitution, after which the Free State will be born. The assent is expected today or tomorrow.

## LARGE BANK FAILURES IN CZECHO-SLOVAKIA

SPECULATIONS BRING WARRANTS FOR FRAUD; SEVERAL ARRESTS DUE

(BY CABLE-EXCLUSIVE DISPATCH.)  
BERLIN, Dec. 5.—Czechoslovakia has fallen into line with Germany and the Scandinavian countries in staging gigantic speculative bank failures. The Mercantile Bank, capitalized at 40,000,000 crowns, which was heavily interested in new industrial undertakings, not all of which were of the soundest sort, has crashed with liabilities estimated at 215,000,000 crowns. Warrants have been issued for the bank's president and one of the directors for fraud.

Other arrests are expected. The failure was due to the effect of industrial depression on new enterprises founded and heavily financed by the bank.

## CONGRESS RAISES VETERANS' PENSIONS

SPONSORS RELATED AS BILL PASSES BY LARGE VOTE

(EXCLUSIVE DISPATCH.)  
WASHINGTON, Dec. 5.—Congressman Lineberger, who has been active in securing passage in the House of the Bureau Bill, increasing to \$72 per month pensions for the veterans of the Mexican and Civil wars, was elated when the House this afternoon took favorable action. A few minor differences between the Senate and the House bills will have to be adjusted in conference, but it is expected the President Harding will sign the bill within a few days, and it will become effective before Jan. 1, 1923.

## IMPROVE GOLF LINKS OF REDLANDS CLUB

(EXCLUSIVE DISPATCH.)  
REDLANDS, Dec. 5.—Raymond Hornby, who has been in charge of the reconstruction work on the Redlands Country Club golf course, will begin this week the planting of the trees and shrubs, the last step in the building of the course. Charles F. Smith has been in charge of the fund for this work and has completed his task.

## COOK STARTS HUNGER STRIKE FOR OLD JOB

(EXCLUSIVE DISPATCH.)  
CHICAGO, Dec. 5.—Mrs. Anna Seabour, 40 years old, a cook, who has been declared a "typhoid carrier" and who was locked up after she had ignored repeated warnings from the Health Department to seek some other employment, has gone on a hunger strike. She says she prefers to die rather than to abandon her profession and her desire to mingle freely with other people.

Health Commissioner Burdette says he has traced six cases of typhoid to her.

REV. ROACH OF OKLAHOMA ACCEPTS CALL TO PULPIT

By A "Times" Staff Correspondent  
LONG BEACH, Dec. 5.—An announcement was made here today that the Rev. Frank Roach, now pastor of a church at Oklahoma City, Okla., has been called to the pastorate of the First Methodist Episcopal Church of Long Beach, and that he has accepted the call. The pulpit of this church was made vacant two months ago by the resignation of the Rev. Dr. Lewis Thurber.

## ENGLISH GOLFERS TO FIGHT PROHIBITION

FEAR NINETEENTH HOLE TO BE MADE DRY; COMMONS BILLS OPPOSED

(BY CABLE-EXCLUSIVE DISPATCH.)  
LONDON, Dec. 5.—Fear England might follow in the prohibition footsteps of the United States has reached such a point in England that English golfers have joined an antidy movement in protest against four bills now being promoted in the Commons which they are afraid will cause intense aridity at the nineteenth hole.

from Algeria. The Saturday afternoon bids for the big contract were won by the Mexican oil, owners of the Mexican ship.

Bidders were the Petroleum Company of Oakland, \$50,000, and set forty-one days; the American Shipbuilding and Dry Dock Company, which bid \$55,000 and set thirty-six days as time.

Part of the bid was as time as James Stewart, general manager, declared it was one of the best contracts awarded.

## LEGION STANDS PAT ON GADSKI

Div's Plea for Audience is Without Success

War Stand is Defended by Singer's Manager

Announces She Will Sing on Schedule or Not at All

Mrs. Johanna Gadski did not meet the American Legion yesterday, either at her rooms at the Alexandria or elsewhere.

Mrs. Gadski will sing in Los Angeles Monday evening, despite the Legion's request that she abandon her concert engagement.

This was the outcome of an afternoon of telephoning and waiting the diva put in. She came to Los Angeles from Fresno yesterday morning to meet the Legionnaires and had an engagement with them, she thought, at her hotel suite for 1 p.m. But when that hour arrived no one from the Legion was present, nor at 2, nor 3.

A letter from E. Snapper Ingram, secretary of the Los Angeles Interpost Council, however, enclosed a copy of resolutions adopted by the council Monday night, which opposed Gadski's appearance. A telephone message to Mr. Ingram brought the additional information that the Interpost Council did not care to pay a visit to Mrs. Gadski, but that if she wished to come before the council at Legion headquarters she could do so.

### WANTS TOO LONG

Then the diva tried to get into communication with an attorney, but was unable to do so until late in the afternoon. Finally she decided to go to Legion headquarters, but was told by Mr. Ingram that it was then too late to get the group together.

When it became apparent the Legion representatives would not appear, a meeting of the Music Trade Association, however, was held. Its outcome was a telegram to W. J. Burns, chief of the secret service at Washington, asking him if there was any truth in the Legion's accusation of pro-Germanism against Mrs. Gadski. If this telegram is replied to in the negative, the Music Trade Association will endorse her appearance and efforts will be made to have similar action by the Chamber of Commerce and Merchants' and Manufacturers' Association.

### IS DISAPPOINTED

"I am greatly disappointed," said Mrs. Gadski as she prepared to take an evening train for Oakland, where she sings Thursday. "I feel that I have done everything in my power to meet the Legion and answer these false accusations against me, and that I can go no farther."

"If I had done anything wrong I would take my medicine and leave the concert field. I would sing no more."

Mrs. Gadski's manager, E. O. Henderson, pointed out that the American Legion organizations in other cities had made no effort to interfere with her concert, and said that in San Francisco she has a return engagement under the official auspices of the city.

"The Legion resolution is a rehearsal of 'it is alleged' and 'it is said' reports gathered during the war, and many times refuted," he said. "It is true accusations of espionage were made against Capt. Tauscher, her husband, but he was acquitted after his trial and thus that charge was wiped out. Nowhere have we met on this concert tour anything but the kindest treatment and the most enthusiastic reception."

### STANDS PAT

Suggestions that she postpone her Los Angeles engagement until excitement died down were vetoed emphatically by the diva.

"No," she said, "either I sing on the date announced or I do not sing at all."

"If I felt I was wrong I would not sing. I would say, 'I have found out; it is just. But I know I am right. I was a guest of this country and I acted as a guest should act. I kept still, I did nothing to hurt this country in any way. These things they accuse me of are things that I must leave at 6 o'clock for the North.'"

### GETS SAME ANSWER

Mr. Snapper telephoned the same answer as before.

The engagement for the Alexandria at 1 p.m. was made by her manager, Mr. Henderson, who arrived an hour before her yesterday, with W. J. Shackleton, adjutant of Los Angeles Post No. 6, who said, according to Mr. Henderson, that the committee would be on hand. According to Mr. Snapper.

"Dear Sir," she said, "I beg to acknowledge receipt of your letter and copy of resolution. I have traveled many miles to meet some of the Legion boys here, that I might talk to them personally. Won't you do me the honor of asking a committee to call on me here before 4 p.m. today, as I must leave at 6 o'clock for the North?"

News Items.

per, however, the Council decided Monday night not to visit Mrs. Gadski at her hotel.

Mrs. Gadski was accompanied here by her daughter, Lotie Tauscher, whose engagement to the heir to the Dutch millions was recently announced.

J. T. Fitzgerald of the Fitzgerald Music Company, which originally planned to sponsor a recital here by Mrs. Gadski, has addressed a letter to Allen Bixby, local commander of the Legion, in which he asks that the Legion, in which Mr. Fitzgerald suggests that the controversy arose of war-time hatred in ill accord with present tendencies, draw attention to the fact that Mrs. Gadski has been honored by the American Embassy at Berlin and by many large American cities. His comment, Mr. Fitzgerald says, is prompted by no financial interest in the matter.

### LEE AGENCY WILL HAVE NEW HOME

Cadillac Specialists Have Ambitious Plans for Future Business

Construction work on the future home of the Don Lee Cadillac Agency will be completed by March 1 next year, according to a statement made yesterday by the general manager of the agency.

The building is to be located on the corner of Bixby and Seventh streets, and will be the three-story structure which at present occupies that corner, plus a five-story addition which the company is adding to it. The agency will occupy the entire space. The sales and service departments and the coach and body works have been located in the new building, all three branches of the business will be united.

The plans for the structure have been drafted by Charles M. Hutchison, and construction work has already started. Mr. Brown, general manager of the company, says that the building will be one of the best equipped agency and service buildings in the country. He went on to say that business now is better than it has ever been before; that it has been steadily increasing every month, and that last month was the record month for Cadillac sales. "Over 100,000 worth of new cars were sold by our company last month alone," asserted Mr. Brown, "and we are looking forward to even larger sales in the future."

The Don Lee Company has taken a fifteen-year lease on the present building and the site, which are owned by W. W. Baden and C. H. Price. The five additional stories which are being constructed will cost in the neighborhood of \$700,000 and they, added to the three stories already built, will constitute a four-story of nearly 130,000 square feet.

### COFFMAN WILL FILE

Edgar R. Coffman of Covina, who died on November 16, left an estate valued at \$17,000, a petition for probate filed yesterday states.

Half the property is left to Mrs. Virginia Coffman, the widow, the rest to two sons and two daughters.

## VARIED MUSIC HEARD VIA KHJ

Fine Entertainment Given Radio Listeners-in

Noted Violoncello Soloist Arranges Program

Orpheus Club Tenor Gives Number of Selections

In a concert that was 75 per cent instrumental, 25 per cent vocal and 100 per cent perfect, KHJ gave to the radio family last night an hour and a half of superb entertainment during its final broadcast period of the day. Arranged through the courtesy of Mary L. Tyner, cello soloist, the program consisted of tenor solos by William E. Oley and instrumental selections by the Arroyo Trio, made up of Miss Tyner, Esther Tobler, violinist, and Raymond McPeck, pianist.

William E. Oley has been tenor soloist for years for the world-famous Orpheus Club of Los Angeles and will be heard with this great organization tomorrow evening at a time when it will give its first concert of the season. He is tenor soloist and director of music for the First Baptist Church, directing one of the largest choruses of the city.

### HEARD IN BOTH PERIODS

Mr. Oley was heard in both evening periods—the children's half hour and the de luxe broadcast following. His voice has that delicate shading which lends enchantment to his selection, of which there were five last night—two for the kiddies being "Shadow March," by Del Riego and "Wishin' and Fagin," by John Barnes Wells, and three in the late concert. "Oh, Moon of My Delight," from "The Persian Garden," by Lisa Lehmann, "Rose of My Heart," by Lohr, and "An Evening Song," by Blumenthal. It became a Class "B" station and his numerous appearances at KHJ and many other stations were added last night for his superb work.

The Arroyo Trio as a unit contributed five numbers in which there was such blending of harmony that the artistry of these musicians commands a place prominent among those who have reached the upper rungs of the ladder in their chosen profession. Stringed music is keenly appreciated by radio folk and when it is of a quality such as the Arroyo Trio offered last night it becomes entrancing.

### KREISLER SELECTION

Kreisler's "Caprice Viennois," as rendered by Esther Tobler, a member of the trio, became alive with exquisite charm. Miss Tobler has given radioland violin numbers from KHJ through the times. It became a Class "B" station and her musical ability has thus been heard and recognized throughout the nation.

Raymond McPeck, pianist, whose sympathetic piano accompaniments have made him much sought after by both vocal and instrumental artists in the Southland, besides playing all accompaniments last night, gave three excellent piano solos that for coloring and real artistry and an individuality such as none except a pianist of high rank can give to them. These included "Dance," by De Bussey, "Boating," by Schumann, and "Free de la Mer," (By the Sea), by Arnschlag.

### TWO 'CELLO SOLOS

Mary Tyner, who did a stellar work in the trio numbers favored with two 'cello solos—"Liebestraum," by Liszt, and "Musette," by Offenbach—developing them in a mantle of loveliness and charm which made them outstanding features of the evening concert. Miss Tyner is a master of the 'cello and has gained an enviable reputation for a development in her artistry worthy of one much more advanced in years.

The afternoon concert yesterday was given over to banjo-mandolin solos with guitar accompaniment. Leonard Babbitt, playing the banjo, and Al Lehman, accompanying, contributed a group of numbers which included "Old Pal, Why Don't You Answer Me," "Mocking Bird," "I Wish I Knew," "Why Should I Cry Over You" and a medley. Mr. Babbitt picks real harmony from his banjo and has been heard several times from KHJ.

Tonight, at 8 o'clock, KHJ will begin a new feature—sending broadcasts from the Southern California reports on road conditions, stolen cars, safe driving hints, and other activities of the clubs. In inaugurating this new feature, President Valentine will describe how the club functions, its purposes, its service and desire to assist the motorist.

Due to a last-minute change in accompanists on the Elizabeth Newkirk program Monday night, mention in this column was made of Mrs. Helen Robinson who furnished the musical setting for Mrs. Robinson's piano solos. Mrs. Robinson is a well-known member of the local musical fraternity and her ability to sense the theme of any composition in music makes her work valuable in bringing out the best of which a singer is capable.

## AFFECTIONS NOT STOLEN BUT ASTRAY

Woman Accused by Wife Denies Overt Acts by Herself or Daughter

In an answer filed yesterday to the \$10,000 love-love suit brought by Mrs. Helen C. Barnes, Mrs. Amy Earhart denies that she or her daughter had any overt act of seduction.

Mrs. Barnes charged that Mrs. Earhart and her daughter, Grace Earhart, had seduced her son, a defendant, while at the bedside of Mrs. Barnes after he was taken to a hospital as the result of an accident. Mrs. Barnes objected to their presence there and says the hospital authorities finally barred them. She further states that her husband was kind and affectionate until after he met Mrs. Earhart and her mother. They became restless and stayed from home a great deal of the time.

## CHARGE MISSIONARY WORK

Public Service Commissioners to Appear Before Grand Jury to Explain Power Act Propaganda

Members of the Public Service Commission will appear before the grand jury today to testify in regard to expenditures of that body during and before the recent election in "missionary" work for the passage of the Water and Power Act, it was announced yesterday.

Investigation into the charges that the commission had used the city's funds illegally in its campaign on behalf of the power act, was begun yesterday. W. B. Mathews, attorney for the commission, appeared before the grand jury and was questioned at length by Dep. Dist. Atty. Powell, who is pressing the charges.

**ADMITS PROPAGANDA**  
Mr. Mathews admitted that the commission had attached posters to the bills sent consumers urging support of the power act at the polls. The bills, it is charged, are normally sent out by collectors but in this case they were sent through the mails.

Dep. Dist. Atty. Powell also drew the admission from Mr. Mathews that the commission had engaged

Smith, an inspector, who is investigating the needs of the Santa Monica field. He was sent following applications made by the postmaster.

**MAIL IMPROVEMENTS FOR SANTA MONICA**  
DELIVERY SERVICE WILL BE INCREASED AT BEACH CITY

By a "Times" Staff Correspondent  
SANTA MONICA, Dec. 5.—Persistent appeals for more help and room in the local postoffice resulted today in the announcement by Postmaster Hines that immediate relief is to be given. Improvements will consist of two deliveries a day, the addition to the staff of three clerks and three carriers and free delivery for two additional districts. Business men from now on will receive their first delivery of mail at 9 o'clock. The recommendations for increased service to meet present-day demands are made by H. R.

Smith, an inspector, who is investigating the needs of the Santa Monica field. He was sent following applications made by the postmaster.

**STARS DIRECT SHOW**  
"Are You a Mason?" Will Be Given by De Molays

By a "Times" Staff Correspondent  
SANTA MONICA, Dec. 5.—Personally directed by Charles Ray and Will Rogers, the well-known comedy, "Are You a Mason?" will be presented here at the municipal auditorium on the 12th inst., under the auspices of Santa Monica Bay Chapter De Molay. Among the film notables who are expected to be present are Douglas Fairbanks, Mary Pickford, William S. Hart and Kathryn Williams, as well as a number of others.

**WALKOUT BLAMED ON RAIL GUARD**  
Striker Testifies He Was Sent Home for Card, Imperiling His Life

The evidence, taken in behalf of the defense yesterday in the Needle strike case before Judge Bledsoe and a jury, again emphasized the point that the real cause for the walkout on August 10, that resulted in the abandonment of the westbound trains over the Santa Fe line, was the presence of guards on the property of the railroad company to protect it following the strike of the shop craftsmen on July 1.

A feature of the day was the evidence of Leo W. Holland, a striking workman, who claimed that his life had been menaced by one of the guards. Pressed for an answer as to the character of the assault made upon him, the witness admitted that one morning he had forgotten his pass and one of the guards compelled him to go back home and get it. Asked if he thought this was a menace to his life, he said he considered it so.

Ten witnesses were disposed of yesterday, and they were all members of the Santa Fe striking contingent. Minor details of the road's equipment were referred to, but it did not appear that anything serious happened, and in some cases no reports had even been made about the railway officials, as provided by the rules.

**Alaskan Asks Aid in Search for Daughter**  
Where is Mae Metz Waugh?

She mysteriously disappeared on the morning of June 24, according to her father, Webster Waugh, Alaskan prospector, who called yesterday at the office of Leon Bone, Department of Justice agent, to obtain assistance in finding her.

Mae went to a wharf in Seattle, Wash., on June 24, to meet her father, who was arriving from Anchorage, Alaska, on the liner Admiral Watson. The girl went alone, because her mother was ill. Waugh heard her whistle to him when he walked down the gangplank, but when he landed on the wharf she was nowhere to be seen, and has never been heard from since.

Waugh says his daughter was a accomplished dancer, and that Perlewa, wanted to take her East when the celebrated dancer appeared in Seattle. Agents of the Department of Justice at Spokane, Seattle, Portland and San Francisco have been unable to find any trace of the girl.

**Conaway Says He'll Not Enter Council Contest**

Interest in the municipal political situation revived yesterday with the announcement by O. P. Conaway, who is now serving his third term as a City Councilman, that he will not be a candidate for reelection at the May primaries. "I have enjoyed my work in the Council," said Mr. Conaway, "but with the increasing amount of my personal business, I feel that I should give up public office." Councilman Langdon, who is serving his fifth term in the Council, has also announced that he will not be a candidate for re-election.

Councilman Mallard will, in all likelihood, run for a fourth term, and Councilmen Anshorn and Sparks will also be candidates. Councilmen Allan and Wheeler are undecided whether to run again.

The mayoralty candidates will probably be Mayor Cryer, President Criswell of the City Council, Councilman Mushet and former presidents of the City Council Bert Farmer and Boyce Workman. Efforts are being made to introduce John P. Carter, former U. S. Collector of Internal Revenue, to become a candidate.

## LONG BEACH MAN TO GET HEWES' JOB

City Will Not Employ Outsider as Manager: Several Considered

By a "Times" Staff Correspondent  
LONG BEACH, Dec. 5.—Although the naming of a new City Manager of Long Beach to fill the place of Charles E. Hewes, ousted by the City Council last night, rests with the Council and not with the Board of this city, a strong effort will be made by a number of citizens here to assert the desires of the people in that direction, it was intimated today. The membership of the Property Owners' Protective League is determined that the new City Manager shall not be an outsider and that a Long Beach man be given the place.

To that end a mass meeting has been called by the league for tomorrow night. It will be held in the auditorium of the George Washington school and ways and means will be discussed for letting the City Council know the desires of a large number of citizens, it was said. At the meeting, committees from such organizations as the West Anaheim Improvement Association and the Central Improvement Association will join with others in the demand that a Long Beach man be chosen to fill the shoes of Charles E. Hewes.

Ben W. McLendon, detective sergeant and former Chief of Police, has formally applied for the City Managership and his application is to be considered by the same City Council which, a few weeks ago, ordered City Manager Hewes to be dismissed as Police Chief and reduce him to the ranks.

**WALKOUT BLAMED ON RAIL GUARD**  
Striker Testifies He Was Sent Home for Card, Imperiling His Life

The evidence, taken in behalf of the defense yesterday in the Needle strike case before Judge Bledsoe and a jury, again emphasized the point that the real cause for the walkout on August 10, that resulted in the abandonment of the westbound trains over the Santa Fe line, was the presence of guards on the property of the railroad company to protect it following the strike of the shop craftsmen on July 1.

A feature of the day was the evidence of Leo W. Holland, a striking workman, who claimed that his life had been menaced by one of the guards. Pressed for an answer as to the character of the assault made upon him, the witness admitted that one morning he had forgotten his pass and one of the guards compelled him to go back home and get it. Asked if he thought this was a menace to his life, he said he considered it so.

Ten witnesses were disposed of yesterday, and they were all members of the Santa Fe striking contingent. Minor details of the road's equipment were referred to, but it did not appear that anything serious happened, and in some cases no reports had even been made about the railway officials, as provided by the rules.

**Alaskan Asks Aid in Search for Daughter**  
Where is Mae Metz Waugh?

She mysteriously disappeared on the morning of June 24, according to her father, Webster Waugh, Alaskan prospector, who called yesterday at the office of Leon Bone, Department of Justice agent, to obtain assistance in finding her.

Mae went to a wharf in Seattle, Wash., on June 24, to meet her father, who was arriving from Anchorage, Alaska, on the liner Admiral Watson. The girl went alone, because her mother was ill. Waugh heard her whistle to him when he walked down the gangplank, but when he landed on the wharf she was nowhere to be seen, and has never been heard from since.

Waugh says his daughter was a accomplished dancer, and that Perlewa, wanted to take her East when the celebrated dancer appeared in Seattle. Agents of the Department of Justice at Spokane, Seattle, Portland and San Francisco have been unable to find any trace of the girl.

**Conaway Says He'll Not Enter Council Contest**

Interest in the municipal political situation revived yesterday with the announcement by O. P. Conaway, who is now serving his third term as a City Councilman, that he will not be a candidate for reelection at the May primaries. "I have enjoyed my work in the Council," said Mr. Conaway, "but with the increasing amount of my personal business, I feel that I should give up public office." Councilman Langdon, who is serving his fifth term in the Council, has also announced that he will not be a candidate for re-election.

## "TEN MINUTES WITH THE GULBRANSEN AND I WAS ENTHUSIASTIC"

"I imagined—as many other people do—that a player-piano was simply a mechanical instrument that ground out tunes—much as a machine turns out bolts.

"But after the salesman had me sit down to play the Gul-BRAN-sen, I changed my mind. I found the Gul-BRAN-sen a FINISHED MUSICAL INSTRUMENT—a tremendous advance over the player I had known in years past.

"I became enthusiastic. I wanted it for my home.

"Now that I have it I am more pleased than ever. Between business and social duties I never had much time for music. But in a few evenings, Gul-BRAN-sen Instruction Rolls taught me to play—WELL. In fact, better than my wife, who had taken lessons for years.

"I bring out every shade of expression I desire. I do everything the pianist of ability does—without the tedious finger work."

If you will spend just ten minutes in our studio YOU'LL also realize the pleasure a Gul-BRAN-sen will bring to YOUR home.

As a GIFT TO THE FAMILY, nothing could be more practical or more appreciated.

These prices include COMPLETE EQUIPMENT such as instruction rolls, dust bench and \$15.00 worth of music of your own selection—WITH TWO YEARS TO PAY.

## JAPANESE ART EXHIBIT OPENS

Bishop Cantwell and Mary Pickford Pledge Aid

Rare Curios Are Included in Articles on Display

Music Program and Flower Show Are Planned

Bishop Cantwell and Mary Pickford yesterday accepted the invitation to participate in the program to be given at the Southwest Museum between 11 a.m. and 3 p.m. on December 14, the climax day of the Japanese Art Exhibition which will be opened to the public today at 1 p.m. The visiting hours, daily, will be between 1 and 5 p.m.

Miss Pickford, "America's Sweetheart" and "Little Mother to Los Angeles orphans," will assist Mrs. Fannie R. Hughes, on December 14, in entertaining the children of the Los Angeles Orphanage and Bishop Cantwell will give a brief address and will also help to show the children a good time.

Another extraordinary entertainment, scheduled for the evening of December 15, will be the Japanese musical program and flower exhibit, floral exhibits having been contributed by the principal Japanese flower growers of the Southwest. On that evening, also, will be shown the new film entitled "Dwellers of the Desert," in which not a human face will be seen, all the "actors" being animals of the wilderness.

**ELABORATE EXHIBIT**  
According to Dr. J. A. Comstock, director, and W. F. Ross, in charge of the extensive department of the Southwest Museum, the Japanese Art Exhibition, opening today, is the most elaborate exhibit of its kind ever given in California. A committee of prominent Japanese have been co-operating for several months with the museum officials to make the show a success. The committee including Messrs. K. Takahashi, president of the Yokohama Specie Bank; Sei Fujii, president of the Kansai, secretary of the Japanese Association; Dr. Ryken Takagi, and U. Oyama, Japanese Consul.

Among the remarkable works on exhibition are ninety-seven colored prints, loaned by K. Kojima of the Yokohama Specie Bank, San Francisco; four ancient Japanese swords, belonging to the collection of Paul Miyazawa; five paintings loaned by K. Shiroya; thirteen rare paintings loaned by S. Suga; and scores of paintings and woodblock prints from the collection of Dr. Ryken Takagi.

**JAPANESE ARTS**  
Several old Japanese curios and paintings have been loaned by Seisaku Hayakawa, including a wooden fish, 800 years old, which once adorned a Buddhist temple in Japan, and a suit of armor formerly worn by a samurai, or ancient warrior.

Next Sunday at 5:30 p.m. the program will include the presentation of "The Elm Forest," by Frances M. Fultz, the music being in charge of L. H. Hart, tenor, and Miss A. Atkins, accompanist.

**SEAL SALES BOOSTED BY MANY UNITS**

Exhibit of Occupational Therapy Shows Benefits Promised by Campaign

City, county, state and national agencies are combining with the Los Angeles Tuberculosis Association in its campaign now on to dispose of \$50,000 worth of Christmas seals, the little blue and white hangings of health and happiness which are used to give the proper festive spirit to holiday mail.

The larger hotels, banks, department stores and various city institutions are aiding in the sale, while Uncle Sam is doing his bit by postmarking all letters between December 1 and December 16 with a slogan urging holiday shippers to use the Christmas Seals to the utmost.

The work done by the Los Angeles Tuberculosis Association in its various institutions is revealed this week in the occupational therapy exhibit in the lobby of the Alexandria Hotel, where are on display the various articles made by convalescent patients.

**Santa Monicans Want Town to Control Beach**

By a "Times" Staff Correspondent  
SANTA MONICA, Dec. 5.—Members of the Young Men's City Club presented to the City Council this morning a resolution favoring the acquisition by the city of all privately owned beaches and pledged themselves to support a bond issue for that purpose.

A committee of four, headed by Moe M. Fogel, will meet with the Council tomorrow to discuss details of the plan. If the conference arrives at a decision, plans will be made to put the matter before the voters at a special election.

### SOJANS SELECTED TO DEFEND WEST AT PASADENA ON NEW YEAR'S

#### SOUTHERN CALIFORNIA CHOICE OF CONFERENCE

**Henderson's Squad Receives Six of Eight Votes Cast for Penn State Game**

(EXCLUSIVE DISPATCH)  
PORTLAND, Dec. 5.—The University of Southern California will defend the West against Penn State for the East New Year's Day East vs. West football game at Pasadena selection of Southern California as the Pacific Coast choice was announced tonight by Prof. U. G. Du-

Oregon Agricultural College, president of the conference after arrival of the Idaho vote, the last to arrive. The vote was mailed to Prof. Duback.

University of California, Prof. Du-

tion represented in this game, it is admitted by practically every one that the Trojans are a stronger team. While Oregon was keen for the contest, Coach Huntington has announced that should Southern California be chosen, Oregon would pull for a Pacific Coast victory.

**DENIES REPORT**  
Rumors have been received here that the conference at its Seattle meeting would attack the eligibility of Baker of the Trojans. Prof. Duback tonight denied that report. No protest whatever against Baker has been received at this time.

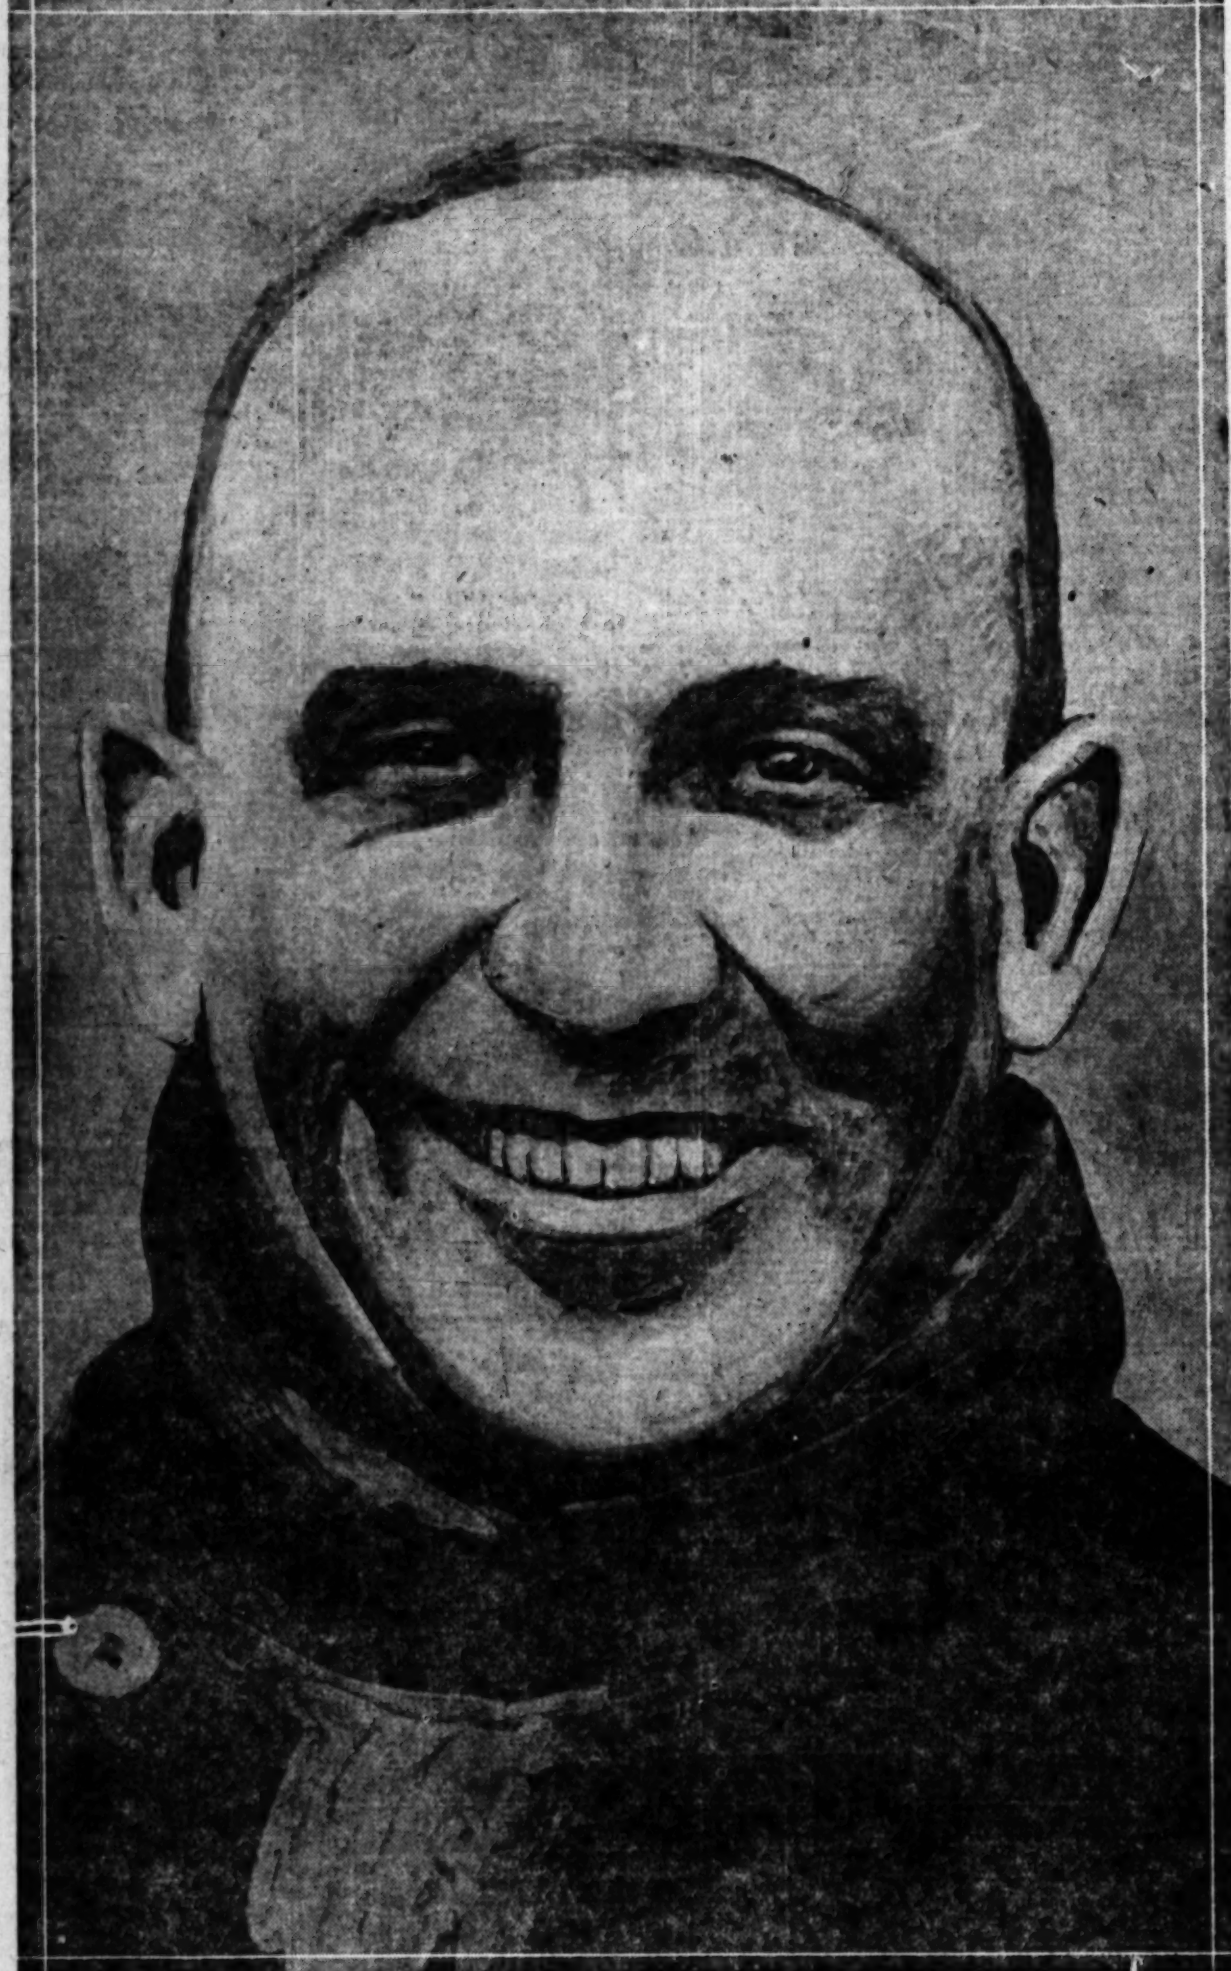

**WHAT THEY ALL SAY ABOUT IT**  
U.S.C. football squad—"Hot damn. Leave us at 'em."  
Warren Howard, Comptroller U.S.C.—"We will do our best to uphold the honor of the West."  
J. J. Mitchell, Tournament of Roses—"I'm tickled to see a Southern California team selected to represent the West."

Hugo Beadek, Penn State coach—"I am glad to know they have chosen U.S.C. Penn State will meet them with a good football team."  
Donald H. Gray, Penn State Alumni Association—"We are glad U.S.C. has been selected not only because it is a representative team, but because of the fine spirit they have shown. What's more, we're out to lick 'em."

**LONG HIGH MAN**  
The huge score of 701 was hung up last night by Fred Walker, local bowler in a match at the Angelus Academy. Walker averaged 233 per game. This mark is one of the best seen in a long time in local ten pin playing.

#### PENN STATE GRID TEAM IN WORKOUT

**Several Shifts in Line-up Made During First Practice for New Year Game**

(EXCLUSIVE DISPATCH)  
STATE COLLEGE (Pa.), Dec. 5.—The Penn State grid team went through their first practice since the Pitt game this afternoon, with Assistant Coach Bill Martin in charge in the absence of Coach Hugo Beadek. The work was largely in the nature of a signal drill, but several shifts in the line-up during the hour of practice indicated that the coaches might make some changes before the game at Pasadena on New Year's.

Bill Anderson, who got into the Pitt game at left end in the closing quarter, held down the varsity job today, but was replaced by Johnnie Reed, scrub end, in the latter part of the drill. Reed is a basketball and baseball star, but never reported for football until this fall. He has shown steady improvement all season and will no doubt make the trip to the Coast. Bill Hamilton, substitute center was given a chance to alternate with Captain Bents at the pivot post, and the Erie boy is fighting hard for the job. He did good work against Pitt after Bents was injured.

#### STANFORD MAY STAY

**Cards Likely to Straighten Out Trouble With Coast Conference on Saturday**

(BY A. P. NIGHT WIRE)  
STANFORD UNIVERSITY, Dec. 5.—Misunderstandings that have arisen between Stanford University and the Pacific Coast Conference probably will be adjusted at the meeting of the conference in Seattle Saturday, it was said here today when announcement was made that William D. Fletcher, graduate manager, and Prof. J. P. Mitchell, secretary-treasurer of the board of control, would leave Thursday to represent the university at the meeting, Stanford is willing to do its share in straightening out the trouble and it is believed the conference wants the matter settled amicably.

The trouble between Stanford and the conference arose when the organization reprimanded the university for scheduling a football game for December 30 with the University of Nevada and the Olympic Club next year. The "big game" with the University of California will be held in the proposed new California stadium if the structure is completed in time. Otherwise it will be held in the Stanford stadium.

**Ebony Broadway Idol Makes Quick Work of Denny at Doyle's Arena**

(BY ED O'MALLEY)  
Madison Square Garden scored heavily last night at Jack Doyle's boxing pavilion in the form of Mack House, the "Battling Six", a sturdy bunch of 155 pounds, with an awful kick when steered right, was the special object of Mack's attack. The lads had no sooner crossed gloves than the air grew flickering with splintering mitts. Suddenly, House let loose an awful right that all but pried Denny's coco off. Frankie flopping on his face, which touched several sympathetic fans at the ringside. Said fans rubbed Denny's neck until the blood almost came, but it availed them nothing as Frankie was just able to stagger to his feet when Referee Blake tolled off the fatal ten.

**Minors Get Together in Big Louisville Confab**

(BY A. P. NIGHT WIRE)  
LOUISVILLE (Ky.), Dec. 5.—There is no possibility of Commissioner Landis reconsidering his plans to hold a joint meeting of the major leagues in New York December 14, as originally scheduled, regardless of whether there is American League participation in the session. The American League club-owners are scheduled to hold their annual meeting in Chicago December 13.

Commissioner Landis made his decision plain tonight when he issued for a statement as to his intentions, but his only reply was that the joint meeting would be held as announced. He explained that he had issued his call for the meeting three weeks ago; that every club owner and official of the two leagues had been informed, and that the call had been issued on assurances given during the world series that both the American and National Leagues would hold their annual meetings in New York.

President Johnson of the American League, in the presence of several club-owners of both leagues said that the annual meeting of his organization would be held in New York. Commissioner Landis said tonight, "consequently I thought it would be advisable for a joint meeting at the same time."

#### TIJUANA TRACK REOPENS TODAY

**Mexican Officials Shut Out Fans for a Day**

**False Report of Disorders Prompts Action**

**Secretary of State Finally Recinds Order**

(EXCLUSIVE DISPATCH)  
SAN DIEGO, Dec. 5.—Under the auspices of President James W. Coffroth of the Tijuana Jockey Club, the winter's racing will be resumed tomorrow for 100 days or more. It was halted today when an order was received at the Tijuana track this morning directing its suspension. Scarcely had the echo from this ceased to reverberate when another official order which countermanded the first was received. The second one was from the Secretario De Gobernacion at Mexico City.

It was transmitted to the track through the office of Gov. Jose Innocente Lugo, Governor of Baja California, the territory in which the border race plant is located. The first order which halted the thoroughbred sport was predicated on a report reaching Mexico City to the effect that there had been disorder and riotous scenes at Tijuana.

The falsity of this was quickly realized by all of the peace officers, while the race fans stamped such rumors as without foundation of the slightest nature. Business men of San Diego and various commercial organizations, as well as local newspapers, decried such reports of disorder and telegrams stating the true facts were dispatched by some of these to Mexico City. All of these wires reported that there had not been the slightest disturbance below the border and that all was tranquil. When the later order was received at the track directing that the sport be resumed there was jubilation among the horsemen and fans and these settled down to the long period of the sport as originally outlined by President Coffroth at the outset of the meeting.

J. P. Atkin, assistant manager of the jockey club, announced that today's program will be in effect tomorrow and also that it will be the first ladies' day of the meeting. It was to have been ladies' day today.

**TO PROTECT PRESIDENT**

(BY A. P. NIGHT WIRE)  
WASHINGTON, Dec. 5.—A Department of Justice bill prohibiting mailing of threatening letters to the President or members of his family with fines and penitentiary terms as penalties, was passed today by the Senate and transmitted to the House.

**DEATHS REACH 2,500,000**

(BY CABLE-EXCLUSIVE DISPATCH)  
MOSCOW, Dec. 5.—Careful investigations show that the number of Russians who perished as a result of the famine epidemics in the last year was 2,500,000.

### Sold Like New---

Studebaker Certified Sixes are sold like new cars from the same building, by the same salesmen, with the same guarantee and with the same Hoffman service.

They look like new with their re-finished bodies and tops and the addition of accessories that make them up-to-the-minute in appearance.

There is this big difference—the price is much less.

They will give the same satisfying performance, but note this—A Studebaker Big-Six, Certified, sells as low as \$1000 for the 1920 model. A Special-Six of last season can be bought for \$1035 and the Light-Six after a season's use sells for around \$895 when we are able to trade one in.

# Los Angeles White Sox and All-Stars to Meet in Two Tilts

## COLORED TEAM HAS ADVANTAGE

Jose Mendez Has Wonderful Pitching Record

Association Holds Meet at Spalding's Tonight

Five Fast Games Scheduled in A.A.A. League

BY JOE BUSH

With the White Sox having a one-game advantage in their three-game series with Joe Piro's All-Stars, the fans are all set for the coming two games this Saturday and Sunday. Last Sunday, with Jose Mendez on the mound for them, the White Sox blanked the All-Stars, 6 to 0, and got the advantage in the series.

Mendez, who was born in Cuba, is known as the greatest colored pitcher in all time. While pitching for the Cuban All-Stars, Mendez shut out the New York Giants and John McGraw immediately christened him the "Black Matthew".

Mendez later heaped more fame upon himself by pitching four straight exhibition games on successive days against the Cincinnati Reds and blanking them in all four games.

In the quartet of colored men Mendez allowed but six hits, an average of less than two hits per game.

"King" Curry, another star Sox twirler, has just recovered from an attack of grippe and should be out strong Saturday. Last season Curry won thirty and lost five games with the Kansas City Monarchs in the colored league.

After a week lay-off, due to Thanksgiving Day, the Greater Southern California Baseball Association will hold its weekly meeting.

## CALIFORNIANS LOSE ON LINKS

TRY A. P. NIGHT WIRE

SAN FRANCISCO, Dec. 5. Walter Hagen and James Kirkwood, two of the world's leading professional golfers, defeated Willis Hunter and Jack Neville, holders of California and San Francisco championships, respectively, in a best ball foursome played today in a drizzling rain at the municipal links here.

The match was called at the end of the fourteenth hole, due to the weather, which made it impossible to see from the tee-off to the hole.

The score: Hagen 54, Kirkwood 55, Hunter 57, and Neville 58.

ing tonight at Spalding's sporting goods store.

Tonight's confab should be a warm affair as all the managers and fans will have two weeks' arguments saved up. A large crowd is expected to attend the meeting.

\*\*\*\*\*

Five tilts have been carded for Sunday's schedule in the Triple A league, all of which should be good battles.

The Standard-Murphy's clash with the Saville club in the dedication game that opens the new 116,000 Sawtelle Park.

The league leading Shell Oil Club and the Huntington Beach Merchants will strut their stuff on the Signal Hill diamond.

Another game of importance brings together the Hammond Lumber Company and Rose Room Dancers at Maier Park.

Cox-Hassam's clash with Ventura Elks at Ventura. The two other tilts bring together the Santa Fe Reds and the Standard Oil at Huntington Beach and the El Segundo and the San Pedro Merchants at San Pedro.

## SCOTS SET ON BELTING SAMSONS

Thistle Soccer Team Expects to Puncture Tires at Washington Park

"Yeh, the Scots are good, alright, but not quite good enough and if they think they are going to take the wind out of our sails or tires, they are due for a rude awakening," quoth Oscar Kozma, manager of the Samson Tire Company soccer eleven, in speaking of the big soccer classic to be staged at Washington Park next Sunday afternoon.

"Every man on the team is ready and anxious to get into action against the Scots. Defeat is not being taken into our considerations. Confidence borne of many victories against opponents of varying degree of strength, has made of the team a fighting force with a will to win," added Kozma.

Capt. Robinson of the tire men, while conceding that the Scots had a sporting chance, did not believe that they possessed the necessary tactical skill to win.

A comparison of the teams would seem to give the edge to the tire men. They have such men as Tuncillic, Robinson and Murray in defense with Allen, Hurley, Edwards and Hurley as goal getters.

Fred Rawlings, who has been showing to excellent advantage this year will be seen at center half. In Edmundson, however, the Scots have a wonderful goaler. The wearers of the Thistle, too, are well equipped with speedy and clever forwards, and the prediction is for a hard-fought game.

MERCURY CLUB GOLF TOURNEY NEXT WEEK

Plans have been completed for the Los Angeles Athletic Club golf championship tournament which is to be staged over the course of the Rancho Golf Club next Saturday and Sunday.

A large number of high-class players who are known to be among the members of the Mercury Club are expected to turn out for the affair and some hot golfing is anticipated. The qualifying rounds of eighteen holes will be played either December 16 or 17, as the player desires, and the tournament will be run off one round each week thereafter. Charlie Keppen, club pooh-bah declares that even he has a chance as the tourney will be handicap play.

## CHANCE IS TO ATTEND CONFAB

Will Skipper Boston for Coming Season

Frank Has Tough Problem Confronting Him

American League Meeting Purpose of Trip

BY HARRY A. WILLIAMS

Frank Chance, accompanied by Barney Oldfeld, will leave for Chicago tomorrow.

Chance goes to attend the American League meeting, while Barney is returning to his business in the East. Rumors that Oldfeld may take a block of stock in the Boston Red Sox, providing it can be obtained, have not been confirmed.

Contrary to a current rumor, Chance has not bought any stock in the Boston club, but merely has an option to buy.

When some weeks ago, or immediately after Chance's return from the East, we published an article outlining the American League's plans for disposing of his ranch preparatory to going East and deducted therefrom that he was a degree of mental reservation and a sense of unbelief, but rather of unbelief.

It simply didn't seem right. It was like hearing that a good friend, whom you regarded as absolutely honest, had been charged with forgery. In such a situation you are inclined to doubt the best evidence.

And yesterday, as I stood among the stables of a horse ranch near Glendora, former domain of Chance and still his habitation, I again experienced that sense of unbelief and found myself fighting against the facts.

Here was a guy with a beautiful home, two of the finest citrus groves you could find in a day's motoring, fifty machines, all the income he would ever need, large flocks

## PACIFIC FLEET GIVEN ORDERS

Details of Joint Maneuvers at Panama Worked Out

Half-Year's Program Shifts Fighting Craft

Combined Attack on Canal Defenses Arranged

A complete schedule for the Pacific Fleet, covering the activities of the entire west coast fighting force from January 1 to July 1, 1923, has just been issued from the U.S. California, flagship of Admiral Edward W. Boring. The new schedule carries the Pacific Fleet's program for the joint maneuvers with the Atlantic Fleet off Panama west February and March.

Among the salient points of the Panama exercises of the combined United States fleets are included the sinking of the old battleship Iowa by the 14-inch guns of the superdreadnaught, Mississippi; a concerted attack on the land defenses of the Panama Canal; and the most ambitious tactical and strategic maneuvers ever attempted by a naval force under one flag. During the periods in which the dreadnaughts, destroyers, cruisers and submarines are undergoing overhaul in Panama Bay the athletes of the two fleets will also be engaged in interfleet competitions.

In the fortnight from January 1 to 15 the battleship force will run off its last gunnery exercises of the year on the drill grounds off the Coronado Islands. With the completion of her target practice on January 15, the dreadnaught Texas will proceed to the Puget Sound Navy Yard for her annual overhaul, which this year will include the installation of a complete set of new 14-inch guns on the big coal-burner.

### TEXAS STAYS HOME

The Texas will be the only unit of the battleship squadron that will not make the 1000-mile run to the Panama rendezvous. During the two weeks ending February 9 the dreadnaughts will be veritable hives of activity. Every man on board will be busy preparing the monster fighters for their long cruise; the schedule for that fortnight including machinery overhaul, ship upkeep, and the storing of supplies and ammunition. The base force, Pacific Fleet, and Submarine Division Nine are also to make the trip and they will likewise be loaded to capacity with fuel and stores.

The submarines of Division Nine will sail southward under convoy of the tender Camden on February 1, under command of Capt. Amen. The submarines of Division Nine will sail southward under convoy of the tender Camden on February 1, under command of Capt. Amen. The submarines of Division Nine will sail southward under convoy of the tender Camden on February 1, under command of Capt. Amen.

From February 19 to March 30, the joint maneuvers will be carried out under the direction of Admiral Hilary P. Jones, commanding the entire United States fleet. The Nevada, absent from her command nearly a year, will return to the flag of Admiral Hilary P. Jones, commanding the entire United States fleet.

### BACK IN SEPTEMBER

The annual movement to northern waters will be started on May 28, when all ships, with the exception of the dreadnaughts Oklahoma and Nevada, get under way, visiting all California ports on the way to San Francisco. The fleet will remain behind the Golden Gate until mid-July before departing for Puget Sound waters for the summer. The Nevada and Oklahoma will be at Los Angeles Harbor until they complete their gunnery exercises on July 9. Mid-September of 1923 will find the entire fleet back at the home base again, reinforced by the superdreadnaught Maryland, the Nevada and several other lesser craft.

Submarine Division Nine and the battleship force throughout the entire program, the destroyer squadrons will be based in San Diego except during the Panama maneuvers, and the air squadrons will remain at San Diego throughout. In addition, the complete schedule follows:

January 7 to January 20—Less Pennsylvania and Nevada. At Los Angeles Harbor gunnery exercises. January 21 to February 1—Less Pennsylvania, Nevada and Texas. At Los Angeles Harbor preparing for Panama cruise. Pennsylvania returns to Los Angeles Harbor from Puget Sound February 1.

February 2 to April 11—Submarine Division Nine sails for Magdalena Bay February 2. Destroyer squadrons sail for Magdalena Bay February 5. Battle force plus base force sails for Panama, via Magdalena Bay, February 8. Entire fleet arrives Panama Bay February 17, returns to Los Angeles Harbor April 12. Texas arrives from Puget Sound April 11.

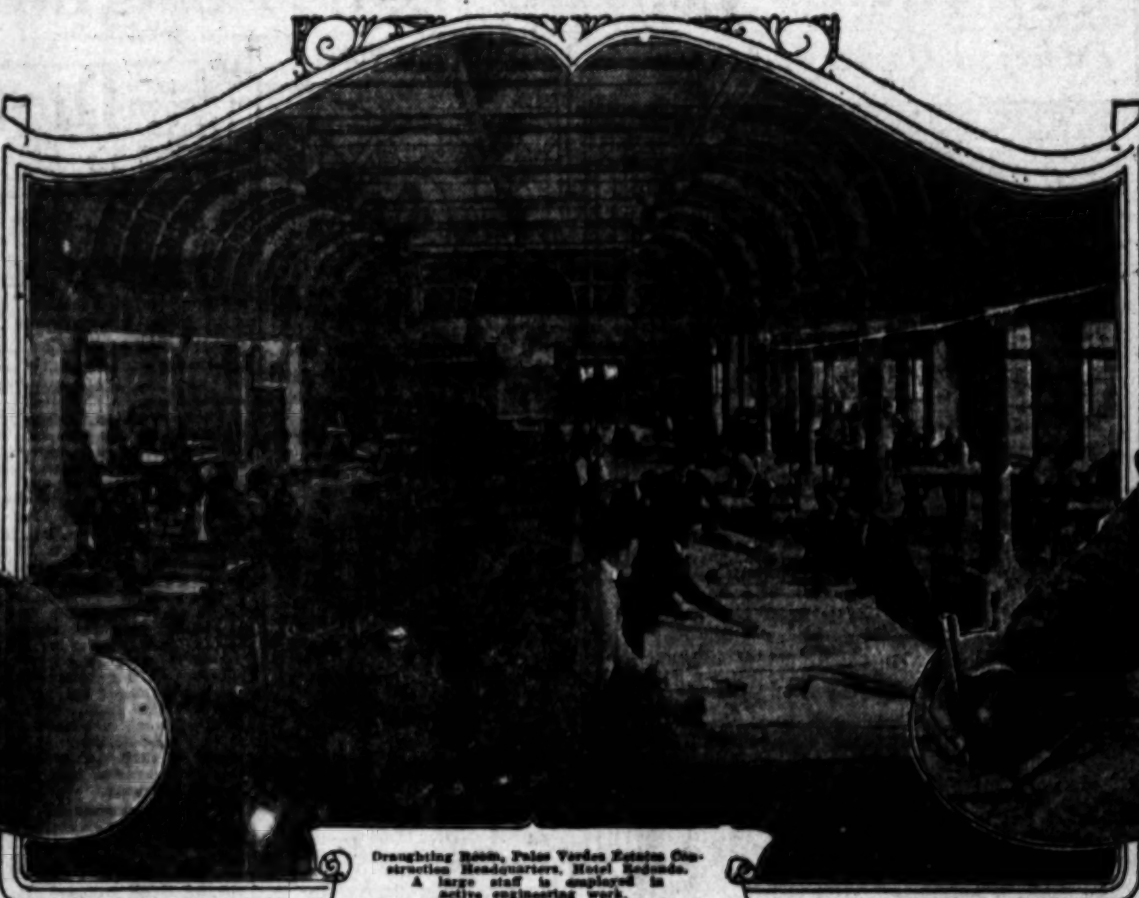

April 13 to May 27—Less Oklahoma, At Los Angeles Harbor gunnery exercises, machinery overhaul, ship and gun drills. Arizona leaves for overhaul at Puget Sound immediately after squadron practice May 25.

May 28 to June 2—Less Arizona, Oklahoma and Nevada. En route to San Francisco, via California ports. Oklahoma and Nevada remain at Los Angeles Harbor to complete gunnery exercises.

June 3 to July 9—Less Arizona, Oklahoma and Nevada. En route to and at San Francisco for Fourth of July celebration, machinery overhaul, recreation, leave and liberty. New Mexico leaves San Francisco June 28 for overhaul at Puget Sound. Oklahoma and Nevada proceed to San Francisco upon completion of gunnery exercises.

Field engineers ready to start for project, Hotel Redondo in background.

Sixty Engineers, City Planners, Architects and Artists, undoubtedly the most skilled construction and designing staff ever concentrated on one task in Southern California, are at work at Palos Verdes Estates.

Not a cent of the subscribing underwriters' funds have been expended. E. G. Lewis and associates are financing this preliminary work. But one of two things can happen to subscribers to Palos Verdes Notes: Either their money will be returned by the Trustee, or the funds will be expended in accordance with the terms of the Trust Indenture.

Men with national and international reputations are making rapid progress on the final Palos Verdes Estates plans.

Old Hotel Redondo has been leased to Palos Verdes Estates as Construction Headquarters, for one dollar per year.

The pictures on this page, taken just a week ago, give but a slight idea of forces that is employed in this preliminary work and the tremendous labor involved in making basic plans for an incomparably beautiful residential and business city.

### Experts Working on Plans

F. L. Olmsted, Director of Design; H. T. Cory, Director of Works, and C. E. Cheney, City Planner, have staffs of specialists employed in final draughting on the selection plans and maps which it is expected will be sent to all subscribers to Palos Verdes Notes.

### The Palos Verdes Plan

The Palos Verdes Estates plan is simplicity itself. It is proposed to buy at the extremely low price of \$312 per acre the 16,004 Vanderlip Estate which lies between San Pedro and Redondo. This tract, directly in the path of population, has been unexploited and undeveloped for centuries. While it has been used for farm land, the adjacent coast line has filled with cities. Population and high land values press right

up to the edge of the tract—the only remaining stretch of unimproved coast line near Los Angeles.

It is proposed to spend millions in transforming it into residential and business property, and then sell homesites and business locations at a profit.

### A Guardian for Your Money

You may have had a chance to participate in big undertakings before, but never one like this. Every cent subscribed is placed in the hands of the Title Insurance and Trust Company of Los Angeles. Every expenditure will be under control. A 122-page Trust Indenture tells how the funds must be spent.

### Excellent Investment

Palos Verdes Notes offer excellent opportunity for the investment of your idle funds. They may be reserved by a payment of 10 per cent down and the balance in three years with interest at 7 per cent. Non-convertible note-holders will share in the profits from the sale of lands and improvements.

Thousands of far-sighted Los Angeles men and women hold Palos Verdes Notes, with their opportunities for profit. You cannot afford to overlook this enterprise. Get all the facts at our General Sales Office, 929 South Broadway. See the 25x38-foot model map; or, if you can't come in, just send the coupon for full information.

ARSON SEEN IN  
THEATER BLAZEDefective Wiring Theory is  
Discarded by PoliceOil-Soaked Rags Are Found  
Beneath StageAged Woman Rescued From  
Burning Building

Investigation into the mysterious fire at the Banner Theater, 451 South Main street, yesterday afternoon, where a panic among the men, women and children in the show was narrowly averted, was started last night by the police arson squad.

Oil-soaked rags, found underneath the stage of the theater by police officers, has led to the belief that the fire might have been of incendiary origin. The rags were found by the officers in the preliminary investigation to determine the cause of the blaze, which at first was believed to have resulted from defective wiring.

More than 100 men, women and children were in the playhouse when the fire broke out. The flames, accompanied by heavy clouds of smoke, suddenly burst from underneath the stage while the audience was watching the screen. There was a mad dash for the street, and in the panic which followed, an aged woman fainted. She was rescued from the burning building by Capt. Garfield Gills, who was passing the playhouse at the time, and who carried the woman to the sidewalk where she soon revived.

H. A. Pryor, cashier at the theater, sent in the fire alarm. Prompt work on the part of the fire fighters prevented the flames from spreading to the other parts of the theater and adjoining buildings.

The theater is owned by A. M. Campbell, who placed the loss at approximately \$1000.

## BANKRUPTCY PETITION

Restaurant Man Files Plan in  
Federal Court

Maurice Combs, a restaurant man of this city, filed a petition in bankruptcy in the United States District Court, yesterday. He gives his debts as \$13,374.74, and his assets as \$13,324.61, of which almost \$17,000 represents the value of the machinery in his place.

N. J. Willis filed a similar petition, giving his debts as \$4972.13, and his assets as \$174.50.

The Ducommun Hardware Company, with a claim for \$101; the Braun Corporation, \$134, and H. J. White, \$240, filed a petition in the local federal court, yesterday, praying that J. C. Lester, operating the Keystone Radio Service be declared a bankrupt.

SERGEANTS  
TO SUFFER  
REDUCTIONSeven Men at Fort Will  
Go to Lower Grade Soon  
Under Washington Orders

Seven master sergeants at Fort MacArthur, all with active service records, averaging more than twenty years each, are to be demoted on the 31st inst., under the provisions of the Army Reduction Bill, it was announced at the Los Angeles Harbor artillery post last night. In addition to the cuts in grade, the non-commissioned officers, all of whom have families or dependents, will receive salary reductions of \$60 or more per month.

Orders from the War Department ordering the soldiers to prepare for reduction in grade was followed by receipt of news from Washington that Representative Kahn, of the House Committee on Military Affairs, will introduce a bill in Congress this week to stop the wholesale demotions of non-commissioned officers. The bill also will be placed before the Senate by Senator Wadsworth of the Senate Military Committee. Upon the success or failure of this bill, Army officials declared that the preservation of the Army's morale and efficiency.

The non-coms at Fort MacArthur who will suffer reductions are: Master Sgt. William R. Kuhn, post sergeant-major at Fort MacArthur, to staff sergeant; Master Sergeant Benjamin Eisenberg, to technical sergeant; Master Sergeant Charles A. Rose, to staff sergeant; Technical Sergeant Joseph Bernadine, to staff sergeant; Quartermaster Sgt. Harry Castro, to sergeant; Quartermaster corps in the Ordnance Corps detachment at Fort MacArthur, Ordnance Sgt. Edgar Hodgins and William Bruster will be demoted to the grade of technical sergeant, Ordnance Corps.

SCOUT TRAINING  
WINS HIS PRAISE

Luther Burbank, California's plant wizard, regards the improvement of mankind as a greater work than the improvement of plant species.

"I hope that the same laws, as far as practicable, which I have discovered and demonstrated in plant life will be applied to the improvement of human life," he states.

Although immersed in important experiments, Mr. Burbank finds time for Boy Scouts affairs in his home town of Santa Rosa and by his interest and help in the scout movement, dedicated to the improvement of the growing boy, this noted scientist pays a thoughtful tribute to the work of the organization.

## IRON MAGNATE TO ORIENT

William Llewellyn, vice-president of the Llewellyn Iron Works, applied yesterday to the Clerk of the United States District Court, for a passport enabling him to go to China, Japan, Hongkong and other points in the Orient. He will sail on the President Wilson, from San Francisco, January 11.

## VOYAGE PROVES EXCITING

Crew of Eemdyk, Which Arrives in Los Angeles  
Port, Had Stormy Trip from Europe

Monotony had no place in the voyage from Rotterdam of the Dutch liner Eemdyk, now in port with passengers and freight from Hamburg, Rotterdam and London. Thrills and excitement aplenty were furnished the crew of the big steamer all the way across the Atlantic, varying from S.O.S. calls of helpless vessels to the suicidal attempt in mid-ocean of a seaman from the Eemdyk.

Distress calls were first received two days after the Eemdyk sailed for this port, from the United States Shipping Board liner Remus, the American craft saying she was in trouble in the Bristol Channel. Four days later Operators W. D. Nieman and G. S. Godfrey of the Eemdyk received another series of distress calls from the Remus, her operator explaining that she had just been in collision with the steamer Fort Reath, off Breakers Light.

Later radiograms assured the Hollander that the Fort Reath was standing by and would assist the Remus into port. The disabled craft was built at Tacoma in 1918. Two days later the Eemdyk's operators picked up S.O.S. calls from the British freighter County of Cardigan, saying that she had been forced to leave the coast of the United States in the spring of 1919. The ashore are those of James B. Smith of Los Angeles, who died in that city on Oct. 2, 1918. The body was cremated at the crematory of the Redemptorist Association in Los Angeles on Oct. 4, 1918, and turned over to relatives of the dead man soon thereafter. The dead man was 33 years old.

Information to that effect was furnished Chief of Police J. S. Tancy today by Arnold C. Von Der Locke, secretary of the crematory association, who, after reading in The Times Monday that police were endeavoring to locate relatives, consulted the records of the crematory and identified the ashes through a number appearing on the black box in which the ashes repose. The label was so badly defaced by sea water that the name of the crematory and other data were illegible.

Chief Tancy said today that with the identity of the dead man established, officers will now be made with the help of the crematory officials to find relatives and turn the ashes over to them.

HOW MUCH  
IS ENOUGH  
FOR WIFE?

She Says \$30 a Week, but  
Judge Cuts It Down to \$10  
in Alimony Suit

Walter F. Campbell told Judge Summerfield yesterday he earns \$34 a week. He was before the court on alimony proceedings.

Mrs. Teresa F. Campbell complained: "If my husband would pay me just enough so that I would not have to work, but could stay at home!"

There then opened to Judge Summerfield a query that has never been solved, "how much is just enough for a woman?"

So the court asked the question: "How much do you want?" The reply was "\$30 a week." The court shook his head: "It would be \$30 for you and \$5 a week for him."

And even a Judge could not ask a man to live on a weekly basis of five bucks. He ordered Mr. Campbell to pay his wife \$10 a week alimony.

When W. E. Green, suing Ada Green for divorce and asking for the custody of their children, produced yesterday a photograph of his wife and another man in a loving attitude, Judge Summerfield asked:

"Who is this man?"

Mrs. Green confessed she did not know him. The court was astounded.

Then came a note from Mrs. Green to Mr. Green which is a part of the evidence for the divorce trial. It read:

"I know you are very provoked at me for not coming back, but be patient with me. I did fall hard for you know who. But I guess an honest confession is good for the two of us."

"Don't judge me too harshly. He is just a kid and I was very easy. We all live to learn. Don't feel bad for I feel bad enough for the two of us."

Mrs. Green's parents were given the custody of the children.

Grand Jury to  
Act Friday on  
'Bond of Honor'

Unless other pressing matters intervene, the Federal grand jury will Friday afternoon take up the case of the government against P. A. Clow, A. F. Hathaway and James Lindsay, charged with impersonating Federal officers in connection with the "Bond of Honor" scheme, and a report on the matter may be expected late in the day.

Under this arrangement there will be preliminary examination of the trio before United States Commissioner Long Saturday, and the accused, if indicted, will have an opportunity to plead guilty Monday morning before Judge Bledsoe. All of the defendants are still in the County Jail in default of \$5000 bond.

Leon Bone, agent of the Department of Justice, who has been collecting the evidence in behalf of the government, said yesterday that he had everything ready for the action of the Federal grand jury.

WEEP OVER  
SPEECH AT  
LUNCHEONHard-Headed Ad Men Cry  
When Told of Dog-Catcher's  
Great Love

Hard-headed business men weeping over the story of a dog catcher's love for his family was the situation noted in the ballroom of the Alexandria yesterday, when Oggy Fred Sweet addressed the Advertising Club on the subject, "In the Other Fellow's Shoes."

Mr. Sweet told of his reportorial experiences while on assignment for eastern newspapers, his task having been to obtain positions in every imaginable industry and profession and to write about his failures and successes.

"Once I applied for the position of assistant dog-catcher," said Mr. Sweet. "I got the job, all right, but I soon resigned because I found that a dog catcher's life is worse than a dog's life. Nobody likes a dog catcher, although his work is the essential part of any other member of society."

"Well, the man I worked under was a rather tough-looking customer, but he had a heart of gold. Hot got more 'cussins' than any man I ever saw—and the children used to throw stones at him. Nobody seemed to love him, but he wasn't specially in love with his job, either, but he stuck to it year after year because he had an invalid wife to support and three little mouths to feed."

By the time Mr. Sweet had finished his story of the dog catcher many members of the audience were seen to reach for napkins and pocket handkerchiefs.

"Certainly! And each kerchief user apologized to his nearest neighbor—unless he, too, was showing evidence of sentiment."

"I got about 100 jobs and was fired from all of them," said Mr. Sweet. "I discovered the dignity of labor, the value of apprenticeship and enthusiasm and the necessity for training and perseverance in order to do anything well."

"Genuine success, I found, is not the result of a stroke of luck, but comes from sustained effort in a given direction. It takes several generations for a man to qualify as a good Pullman porter. In my rounds of endeavor I served a short time as a porter and found that most of the men were there because they had not enthusiasm for any worthy purpose in life."

Irving Smith, chairman of the smoker committee, announced the annual smoker of the Advertising Club will be held at the Regency ballroom at the Regency Theater ballroom. Among the entertainers will be Larry Semon, Ham Bell's girls in songs and dances, Max Stanley, Cosmo Morgan, Cliff Gordon and Dick Schattinger and his band of musicians. By permission of Mayor Cryer, Chief Clerk and Sheriff Trager, a "bull fight" will be staged by Rubin Vasalino.

THIEVES IN  
CITY GRAB  
WINDFALLNovember Record Month  
for Automobiles Stolen;  
Major Part Recovered

Automobile thieves stole more cars in Los Angeles during the last month than ever before in the city's history, according to figures made public yesterday by Sandy Menis, chief clerk of the Police Department auto theft bureau.

In all, 389 cars were stolen here during the month of November, the figure showed. Sixty-three have been recovered by the Police Department acting in conjunction with detectives from the auto theft bureau of the Automobile Club of Southern California. Fifty of the eighty unrecovered cars are Ford, the report shows.

One of their victims yesterday was Arthur Kracker, of 1243 34th street. Mr. Kracker parked his car in front of a home at 1223 South Flower street yesterday afternoon. In the car was approximately \$900 worth of cutlery. When he returned to the spot where he had left the machine, it had disappeared.

Father Accused  
of Kidnaping  
His Infant Son

An asserted kidnaping was revealed yesterday when Attorney Delmore Lassard applied for a writ of mandate to compel William T. Gentz to produce in court his seven-months-old son, Fremont Lincoln.

The infant's mother, Mrs. M. Gentz, asserts that on the 4th inst., her husband and his sister, Mrs. J. W. Shay, appeared at 1207 Cherokee street, the home of Mrs. J. H. Alexander, Mrs. Gentz's mother, and took the child. Mrs. Gentz asserts that her husband held Mrs. Alexander while Mrs. Shay snatched the baby and ran off with it. She further asserts that the child is being held unlawfully. The couple are separated.

## ASKS BUILDING LINE

Official Would Keep Structures  
Back on Wilshire

In order to prevent the erection of new buildings in the path of the new Wilshire Boulevard, which, under plans now being worked out by the Community Development Association, is to be widened to 200 feet, extending from Westlake Park to the ocean, Councilman Wheeler yesterday asked the City Council to establish a set-back line of fifteen feet on the boulevard from the west line of Park View avenue to the western city limits.

If the line is established, new buildings on Wilshire Boulevard must be built fifteen feet back from the property line. The matter was referred to the City Planning Commission for a report.

SIGNS NOTE  
TO OBTAIN  
GIRL'S HANDSuitor Freed of Charge  
Brought by Mother When  
Court Hears Story

What does a \$5000 promissory note amount to when you're in love with a girl?

Thus argued Thomas Cheshire to himself, he admitted before Justice Forbes yesterday afternoon, when he was wooing Jean R. LeFranc and the conditions of the signing of a \$5000 promissory note.

Mrs. Madeline LeFranc, 6210 Dillon street, had Cheshire arraigned in Justice Court for failure to pay the note, representing, she said, a sum borrowed by him.

Cheshire took issue on the charge. He asserted that Mrs. LeFranc refused to permit him to marry her daughter because she was dependent upon her for support, but finally gave her consent in consequence of Cheshire signing himself responsible to pay \$5000.

Rather than lose the girl, Cheshire declared, he went ahead and signed the note, although it did not represent money received by him, but nevertheless obligated him to pay it.

Dep. Dist. Atty. Burton agreed that the case be dropped.

Asks Police to  
Keep Her From  
Shooting MateBy a "Times" Staff Correspondent  
LONG BEACH, Dec. 5.—Having shot her husband through the forehead during a family quarrel several months ago, Mrs. Lella Jones, maid at a local theater, told police this morning that she did not want to be forced to repeat the performance and asked that they give her lodging.

Emmet Jones, her husband and victim of her aim, did not die, although the bullet entered his head, and he is now annoying his wife again, she told the police. Rather than be forced to protect herself from his alleged annoyance at her home on Ohio street, she asked police to keep her where Jones could not annoy her. Her request was granted.
